AGAINST THE INNOVATION

Representative Rogers Commends the Star for its Opposition to the Initiative, Referendum and Recall

LYNNE, Fla., April 15, 1912.
Editor Star: When a man does anything worthy of commendation, he should be complimented. I would rather have one rose bud pinned on the lapel of my coat by a friend while I live, than to have a basketfull of flowers spread on my grave after I am dead. I therefore take pleasure in pinning this little bouquet on you, for having written and published in your paper a few days ago a little editorial on the initiative, referendum and recall, the very best I have seen; the truth and nothing but the truth. That principle injected into our state constitution and laws will annoy, disturb and divide our people worse than the primary election laws have ever done, and the expense will be greater on our taxpayers than the abolition of the convict lease system to corrupt them all in one pen to feed, clothe, guard and decently maintain at the expense of the public. Why on earth our candidates for the legislature want to pledge themselves for a constitutional amendment for the initiative, referendum and recall, I cannot understand. Do they not know that such principles are an innovation on democracy? Do they not know such a political question injected into the democratic party by a constitutional amendment would divide our people worse than the state-wide liquor prohibition amendment of two years ago? Do they not know, as you said in your editorial a few days ago, that the negro voters of the state would qualify and become the balance of power in settling questions of law that would even affect the appropriations for our higher institutions of learning as well as our county high schools and the common schools of the state? The colored voter would hold the balance of power in recalling the judge from the bench and force him to get down from the dignified profession of the profound study of law and submit his chances of return to a popular election where men are not always selected because of their peculiar fitness for the place. The same applies, so far as the "recall" is concerned, to every officer elected whether state or county, upon the application of thirty percent of the registered voters by petition—then an election regardless of the time, then pay the expense of the election from the tax-ridden people of the state and county.

I have written enough for this time, but again accept my thanks for your timely little editorial on the initiative, referendum and recall. Do help to stop this innovation on the old democratic party whose banner is tattered and torn from the inroads of socialism and many other isms.

Yours for peace and prosperity,
R. F. Rogers.

A WORD WITH WOMEN

Valuable Advice for Ocala Readers
Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopelessness of relief because she doesn't know what is the matter. It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and in flamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. They can't get well alone.
Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed by thousands—endorsed at home. Read this Ocala woman's convincing statement:
Mrs. Joseph Martin, 65 N. Magnolia St., Ocala, Fla., says: "I know that Doan's Kidney Pills are a good kidney and backache remedy. I have used them on different occasions for complaints of this kind and have been greatly relieved. Other members of my family have taken Doan's Kidney Pills and in each instance, the results have been satisfactory." Price 50c. For sale by all dealers. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

MORE ARMS FOR AMERICANS IN MEXICO

Washington, April 15.—President Taft has authorized exportation of 150 rifles and 50,000 rounds of ammunition for arming American citizens in the Guadalupe, Mexico, district, in response to an appeal from the American consul there. The president

consented to the exportation of 400 rifles and 120,000 cartridges and a large mass of miscellaneous gun parts for the Mexican government.

ATLANTIC IS IN TROUBLE

The Biggest Steamship Afloat Rammled—An Iceberg Off the Coast of Newfoundland

New York, April 16.—Her prow battered and part of her upper works shattered by the tons of ice which fell upon them when she crashed head on into an iceberg off the coast of Newfoundland Sunday night, the White Star liner Titanic, the greatest steamship afloat, is being towed presumably toward Halifax by the Allan Line steamship Virginian, which was the first boat to reach her, as well as the first to answer her wireless call for aid.

Her passengers have been taken off by the steamer Carpathia. They were transferred without accident. The Titanic came to grief in latitude 41.46 north longitude 50.14 west. Point shows her to have been 1,154 miles due east of New York City and 450 miles south of the Cape Race, N. F., wireless station. The accident to the Titanic occurred at 10:25 o'clock Sunday night. Two hours later the ship's wireless apparatus which had been working so badly as to permit of only fragmentary messages, failed completely. Officials of the line did not take the failure of the Titanic's wireless as ominous. They declared the steamer capable of withstanding almost any exterior damage and say she can keep afloat almost indefinitely after being struck, because of the unusual number of watertight compartments.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

ALMOST A MIRACLE

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Texas, was all our family thought he was effected years ago in his brother. "He had such a dreadful cough," he writes, going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for coughs and colds with excellent results." Its quick, safe, reliable and guaranteed cure, and \$1. Trial bottle free at Tidyings & Company.

COMING CORN CONGRESS

At Columbia, S. C., Feb. 8th of Next Year, Will be a Most Important Occasion

Berlin, April 15, 1912.
To the Members of the Boys' Corn Club of Marion County: I am advised that the fifth National Corn Exposition will be held in Columbia, S. C., January 27th to Feb. 8th, 1913. The department has decided to establish an exposition school for prize winners in the county contests. The two boys in each county winning first and second place will be the only ones eligible for scholarships and it will be a great honor for any boy to be the representative of his county. They have made arrangements to care for one thousand boys and it looks like there will be fully that many in attendance. Saturday, the last day of the school, will be known as Boys' Day, and in their honor the city of Columbia will give a great banquet for the boys. Each boy will be expected to bring with him ten ears of corn and they will be displayed in a separate building, where every one visiting the exposition can see them. Handsome prizes will be awarded the boys. Each will be expected to bring a corn stalk, not less than three and a half nor more than five feet long, selected from his own plot of ground. This will be the insignia of his profession, and will be carried in all the parades and even to the class rooms.

Particulars will be more fully explained later on. S. J. McCully, County Agent.

REBELS ENTIRELY ROUTED

Left 400 Dead on the Field and Lost the Recently Captured City of Parral

Mexico City, April 16.—Dispatches from Parral tell of a great victory which the government troops under General's Schama and Salas won over General Orozco's army of rebels. The rebels lost 400 in dead and more than that many wounded. The report does not say how many of the federal forces, but it states that the rout of Orozco's men was complete and that they are fleeing in the direction of Chihuahua, closely pursued by the victorious federals. The battle was fought near Parral. The two forces were about equal in numbers. Both had several field pieces. Parral was the objective point of the federal troops, who wished to regain the little city which they abandoned on Jan. 20 in the face of overwhelming numbers. The same army, recruited to greater strength, was met several miles from that place by the advancing rebels. Nightfall came with the battle still undecided. With the coming of daylight the conflict was renewed. Finally the federals charged the rebel lines, which broke under the charge and soon the rebels were in full flight. Parral has been retaken by the federals.

DON'T POISON YOURSELF WITH MERCURY

That's What You May Do If You Take Calomel, Because Calomel is a Form of Mercury.

If you ask a druggist for bi-chloride of mercury, he will give it to you in a red label bottle marked POISON. Calomel is also a chloride of mercury, as your doctor will tell you, and, as everybody knows, mercury is a poison. When you think you need a dose of calomel, instead of whipping your liver up with the mercury it contains, go to the Court Pharmacy and pay fifty cents for a bottle of Doan's Liver Tonic, a pure vegetable liquid that starts the liver to action just as surely as calomel does and is perfectly mild and harmless, with no bad after effects. No restriction of habit or diet is necessary.

Doan's Liver Tonic gives perfect satisfaction in curing constipation and torpid liver that the Court Pharmacy will give the money back to any person who tries it and does not find it a perfect substitute for calomel.
